

# August meeting

August 5, 2003

Jim Vener called the meeting to order at 7:30 p.m. He then asked for new members and/or guests. There were several.

### Secretary's report

Dean said that there were 18 members at the July meeting. He also said that there are currently 208 members in the club.

### Treasurer's report

Dick Lydick announced the balances of the club accounts. Details available from Dick Lydick or at the monthly meetings.

### Safety Report

Chuck reminded the meeting to tell RC flyers, which don't fly with a club, that they should not fly within three miles of a flying site.

### Old/New Business

Dave Sullivan said that the Beef fun fly event happened.

Rex gave the club an update on the mall show. First, he thanked everyone for the huge turnout at the open house as did Jim and Dean.

The Mall show is scheduled for Sat, Aug 23, and there are 20 8-foot tables reserved for us. Rex said that there would be a computer with a simulator. The members should show up at eight 'o'clock a.m. at the northern entrance. Rex also informed us that club will be ordering jackets for it's members. We need to have at least 16 people to sign in in order to be able to get the deal.

The club was informed that bayside RC will have a flea market September 13 and an auction.

Dean informed the club that the AMA thanks the club for supporting the US F3D team that will be going to Poland to compete. Next, Dean gave us a report from Open Field event. This event turned out to be a great success and gave the club recognition in the local newspaper and TV news.

Dave informed the meeting that the PBF fun fly was a little slow due to the rainy weather in the middle of summer, but it happened.

George Steiner said that there would be a second Goal-and-Return.

Jim informed the club that s date is needed for the toys for tots event.

Jim said that there is a new meeting site needed, because the part of the hospital where the meeting takes place is going to be bulldozed in one year. Any suggestions for a new meeting site are welcome. Also, members were asked to park on the other side of the street from the hospital or by the emergency room

Al Tuvilla suggested through Jim that he is wishing to resign and that a motion be moved to make his replacement be Dave Edwards. The motion to make Dave Edwards the new MASM Vice President was passed unanimously.

Dick Lydick gave a report on the night fly. He said that there were two pilots and 15

people at the night fly. The planes were flown two times during the Night Fly. The Golden Pile-it award was postponed until next month due to only one nomination.

After Show-n-Tell followed by the raffle the meeting adjourned.

## Open field day

Thanks to the hard work of all people involved the event was a great success. We had good publicity in local TV news on channel 3 and channel 10, as well as an article in Folsom Section of Sacramento Bee.

First some practice on RC flight simulator.

Next flying the real stuff.

Some building skills are required.

How stuff works?

The show from the master.

Thank you's: Dave Edwards, Al Clayburn, Steven Eaton, Ed Sutter, Joe Mundy, George Steiner, Dave Sullivan, Matt Kirkson, Rex Williams, and all people who donated their planes

## Show-n-Tell

Richard Malinowski brought his profile foamboard edge with a 280-sized electric motor. He said that Dave Sullivan is able to hover it inches above the ground.

Jack Dewitt showed photos of a 1/4 scale Spitfire that he found in his garage. He donated this plane for the raffle.

Jim informed the meeting that a float flying is available at a retired fish hatchery of highway 99 all week long for \$5.

## PBF Fun Fly

Out of over 200 PBF sold only a couple showed up for fun fly. If may be explained by rough weather in the morning. But even so, the pilots, who flew their "flat piece of coroplast" had a great time.

Touch'n go on the table.

That was close, Dave.

Who said it's easy?

Thank you: Dave Sullivan, for giving us som much fun.

**Correction:** In the Beefly article in July's Newsletter, The article mentioned Scotty Green as the winner of several contests. It was in fact Scott Curtaz. Sorry for any confusion this may have caused.
