February 2005

Volume 1, Issue 4

February Meeting

Presidents Message

Dean Raymond brought the meeting to order and informed us of the upcoming Easter Spring Extravaganza that the Rancho Cordova Parks and Recreation is putting on. He stated that the club would be invited to demo electric aircraft for the crowd. Dean also told of us his intent to approach the Cordova Parks and Rec for access to the RC boat site for electric float planes. Dean apologized for not having more words of wisdom but he had been busy cleaning up after truck thieves.

Secretary's Report

Mike reported that there were 3 new members since the January meeting. A total of 158 members had paid their dues for 2005.

Treasurer's Report

Dick informed us of the current status of the club's accounts. Details on the account balances can be obtained by attending a meeting or speaking personally with Dick.

Old Business: It was announced that Sunrise Mall has been secured for this years Mall show, so this issue can now be put to rest. A big thank you goes out to Rex for his tireless efforts in securing this site. The logo and colors for the shirts were approved, all that's left is the delivery of the product.

New Business: Because classroom 1 is no longer available the meeting was held in the gym building across from the main entrance. Next months meeting will be held at the same location. A clean up day for the field was agreed upon; it will be February 26th at 11:00 am. Dave Sullivan volunteered to provide hot dogs for the volunteers but a motion was made and unanimously approved to have the club provide the wieners. However everyone was encouraged to bring something to share with their fellow pilots. Concern was expressed over the low priced department store aircraft that is available. It was suggested that members approach and inform purchasers of these inexpensive aircraft of the benefits of belonging to a club. Members should stress safety and instruction of flight for a satisfactory experience in piloting RC aircraft. On a sad note the membership was informed that Pete Peterson was back in the hospital. Our thoughts and prayers go out to Pete and his family.

New Business Continued from page1:

Members were encouraged to hurry up and renew their memberships for 2005. If you have been receiving this newsletter and have not renewed by the end of the month this will be your last issue. The club was contacted by the Sacramento Valley Soaring Society to inform us that they were trying to secure a large indoor flying site in Sacramento.

This Months Meeting Room

New Members: Two new visitors attended the meeting, welcome Scott and Bob.

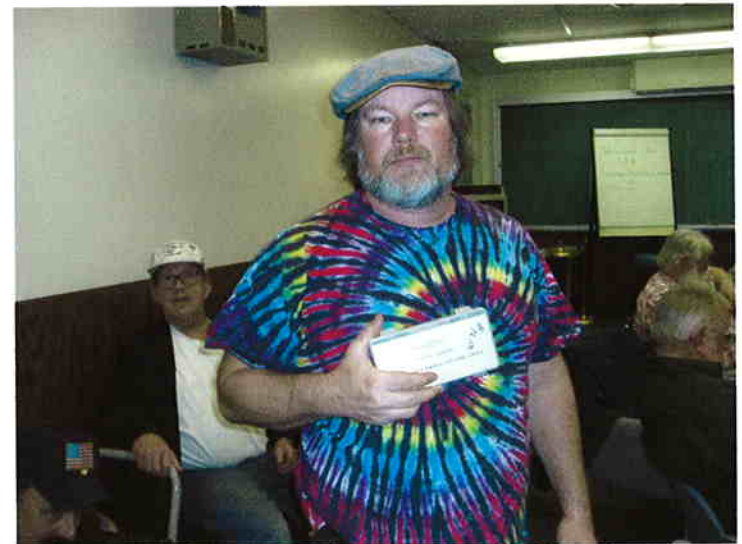

Safety: This month's safety discussion was on the use of cell phones in the pits. Please remember that this not allowed at our flying site.

From the Editor: I would like to solicit content for the newsletter. The subject will cover items for the beginning flyer. I have personally only been doing this for a little over 2 years. Sometimes since I am so thick headed I have had to learn things the hard way. So I would like to pass on the experience of our veteran club members. Please email or bring to the meetings any items that would make a beginner's life easier and I will include them in the newsletter.
THANKS

mksherrill@sbcglobal.net.

Drawing:

Bob won this month's Dragon 40

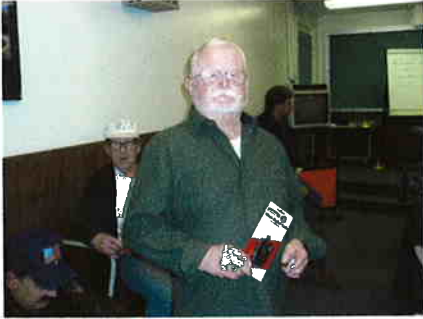

Dave received a screw assortment

Mike took home the 4 in 1 specialty saw

Drawing:

Les picked up the micro tach

Dick scored a screw assortment

Dean won the .40 Irvine engine

Romeo obtained the Aero fly Software

Jim acquired a new engine test stand

THANK YOU!
